- 14:00 **OpenShift State of the Union** (Marco Rietveld)
- 20:00 **JBoss Application Server - Community BOF** (Dimitris Andreadis)

TAKE THE QUIZ

What is OpenShift?

- it's JBoss's next generation ESB.
- it's a free, auto-scrolling platform-as-a-service for Java, Ruby, PHP, Perl and Python applications.
- It's a new performance testing framework hosted on jboss.org.

Match the upstream Community project to the downstream JBoss product that consumes it.

- | | |
|-----------------------|--------------------------------------|
| A. Infinispan | ___ JBoss Enterprise Data Grid |
| B. Drools | ___ JBoss Developer Studio |
| C. Gateln | ___ JBoss Enterprise BRMS |
| D. JBoss Tools | ___ JBoss Operations Network |
| E. RHQ | ___ JBoss Enterprise Portal Platform |

Name: _____

Role: Development Operations

Other: _____

Company: _____

Street address: _____

ZIP code, City: _____

Country: _____

E-mail: _____

I would like to receive JBoss news and updates from time to time (about 1-2 per month - webinars, JBoss events, beta programs etc.). I can unsubscribe at any time.

(Cross out if you don't wish to receive any information.)

JBoss Community

Take the JBoss Quiz

and win one of two ASUS Nexus 7 tablets, or a Samsung Galaxy 10.1 tablet!

Price drawings approx. 19:00 at our booth: Tuesday (Nexus #1), Wednesday (Nexus #2), Thursday (Galaxy)

Winners will be announced on plasma screen and - if not present - notified. Cards will remain in lottery all days.
