

Workspace start has been requested 14:39:00

The screenshot shows the OpenShift Container Platform console interface. The main content area displays a table of pods under the heading "Pods". The table has columns for Name, Status, Containers Ready, Container Restarts, and Age. The pods listed are all in a "Running" status.

Name	Status	Containers Ready	Container Restarts	Age
codeready-6f58d6d87-ctf5m	Running	1/1	1	3 hours
plugin-registry-7c8f99966-wzh9s	Running	1/1	0	3 hours
devfile-registry-74db885d6-6l6qs	Running	1/1	0	3 hours
keycloak-7b7b64678-6m7vn	Running	1/1	1	3 hours
postgres-585f7bd654-9tw7s	Running	1/1	0	3 hours
codeready-operator-695d674c-wqgsc	Running	1/1	0	3 hours

mkdir pod runs 14:39:35

The screenshot shows the OpenShift Container Platform console interface. The main content area displays a table of pods. A new pod, "mkdir-workspacevjyvk46z9nkazu", is in the "Container Creating" status. The other pods from the previous screenshot are still present and in a "Running" status.

Name	Status	Containers Ready	Container Restarts	Age
mkdir-workspacevjyvk46z9nkazu	Container Creating	0/1	0	a few seconds
codeready-6f58d6d87-ctf5m	Running	1/1	1	3 hours
plugin-registry-7c8f99966-wzh9s	Running	1/1	0	3 hours
devfile-registry-74db885d6-6l6qs	Running	1/1	0	3 hours
keycloak-7b7b64678-6m7vn	Running	1/1	1	3 hours
postgres-585f7bd654-9tw7s	Running	1/1	0	4 hours
codeready-operator-695d674c-wqgsc	Running	1/1	0	4 hours
